Chairman's Message

Dear Valued Stakeholders,

It is with immense pride that I present this year's annual report—a testament not just to our financial achievements, but to the collective spirit that defines us. FY 2024-25 stands as a milestone in our journey, where resilience, innovation, and shared purpose converged to create exceptional value.

A Year of Collective Triumph

This year, your Company's operating revenue grew by 36.57% to ₹14,609.79 Lakhs, while net profit surged 39.58% to ₹2,385.03 Lakhs. These numbers, however, are more than metrics—they reflect the dedication of every employee, the trust of our partners, and the unwavering support of our shareholders. Together, we've transformed challenges into opportunities, proving that sustainable growth is born from collaboration.

"To our team: Your ingenuity and tireless effort are the invisible threads weaving this success."

"To our investors: Your faith fuels our ambition. This growth is yours as much as it is ours."

Purpose Beyond Profit

Our progress is measured not just by financial gains, but by the lives we touch. This year, we exceeded our CSR commitment, investing ₹32.60 Lakhs in initiatives aligned with our ethos of sustainable development. From empowering communities to fostering education, we're building a legacy that transcends business.

"When we teach a skill, fund a classroom, or restore an ecosystem, we're not just checking boxes—we're planting seeds for a more equitable world. This is the 'why' behind our numbers."

The Road Ahead

As we look to the future, we remain focused on innovation, operational excellence, and deepening our societal impact. With your continued trust, we're poised to build a future-ready organization—one that thrives on shared success and purposeful growth.

"In a world of change, our values remain constant: Trust, Respect and a Never say die attitude. These are the pillars of the future we're building—together."

Thank you for being partners in this remarkable journey.

Warm regards,

Gautam Makker
Chairman

Managing Director's Review

Dear Stakeholders,

As I reflect on FY 2024-25, I am filled with immense pride at how CFF Fluid Control Limited has transcended its role as a component supplier to emerge as a systems integrator for India's naval defense ecosystem. This year wasn't just about growth—it was about strategic transformation, where we turned technological collaborations into combat-ready solutions for the Indian Navy.

"Building India's Defence Sovereignty Through Strategic Partnerships"

1. Financial Performance: Breaking New Ground

Building on FY24's strong foundation (51.21% revenue growth), we achieved:

- Revenue: ₹14,609.79 Lakhs (↑36.57% YoY)
- PAT: ₹2,385.03 Lakhs (↑39.58%)
- Order Book: ₹590+ Crore (90% from Defense PSUs/OEMs)

Our EBITDA margin held steady at 28.38% despite scaling up, proving our ability to balance growth with operational discipline.

Our moderated growth rate reflects deliberate prioritization - transitioning from component supply to complex system integration where development cycles are longer but margins and strategic value are substantially higher."

2. Strategic Leaps: Where We Made History

A. Make in India with Design in and for India

- Atlas Elektronik Partnership: Secured Order of 12 indigenous LF-VDS sonars—India's first-ever indigenized variable-depth sonar systems for ASW crafts.
- Naval Group Expansion: Now on course to developing and manufacturing complex systems like steering gear and weapon systems for Scorpene submarines under P75AS program.
- Nereides Tech Transfer: Commenced trial development and production of Buoyant Wire Antennas, replacing imports for submarine communication.

B. Facility & Workforce Transformation

- Pune Plant: Operationalized for weapon systems and sensor production, keeping in view future naval programs.

- Talent Pool: Added 178 skilled professionals (total workforce: 245), including 22 design engineers driving R&D.

3. Product Milestones: Solving Naval Challenges

While in FY 24 we built on various components and developments including HVAC systems, fluid components and Prototype testing FY 25 saw various breakthroughs in Electronic systems for ships and submarines, turnkey solutions for weapon sensors and production of IR suppression systems for Indian Navy.

Gratitude & Commitment

To our employees, investors, Indian Navy, and partners: Thank you for believing in our mission. Special recognition to:

- Shopfloor Teams: For delivering zero-defect products under tight deadlines.
- Design Unit: This year exemplify our innovation edge.

"As India's defence sector enters its golden era, we invite you to join us in this mission—where every investment strengthens borders, boosts the economy, and builds a self-reliant future."

Together, we're not just building a company—we're securing India's defence future."

Regards,

Sunil Menon

 - If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - How to retrieve your 'initial password'?
 - If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - If your email ID is not registered, please follow steps mentioned below **in process for those shareholders whose email ids are not registered.**
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
- Click on "Forgot User Details/Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - Physical User Reset Password?" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.com mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
7. After entering your password, tick on Agree to "Terms and Condi-

- tions" by selecting on the check box.
8. Now, you will have to click on "Login" button.
 9. After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system

HOW TO CAST YOUR VOTE ELECTRONICALLY AND JOIN GENERAL MEETING ON NSDL E-VOTING SYSTEM?

Industry and Overview

Indian Naval Business Outlook

India is one of the strongest military forces in the world and holds a place of strategic importance for the Indian government. The top three largest market segments of the Indian defence sector are military fixed wing, naval vessels and surface combatants, and missiles and missile defence systems. Military rotorcraft, submarines, artillery, tactical communications, electronic warfare, and military land vehicles are some of the other well-known segments. Some of the major defence manufacturing companies in India are Bharat Earth Movers Ltd. (BEML), Bharat Electronics Ltd. (BEL), and Hindustan Aeronautics Ltd. (HAL).

The Indian defence manufacturing industry is a significant sector of the economy. The industry is likely to accelerate with rising concerns about national security. Demand for defence equipment in India has been growing due to the ongoing territorial disputes with Pakistan and China over the ownership of the Northern State of Kashmir and the North-Eastern State of Arunachal Pradesh, respectively. Over the last five years, India has been ranked among the top importers of defence equipment to gain technological advantages over rival countries such as China and Pakistan. To modernise its armed forces and reduce dependency on external dependence for defence procurement, several initiatives have been taken by the government to encourage 'Make in India' activities via policy support initiatives.

India's defence budget of US\$ 78.7 billion ranked fourth highest globally in 2024. India has the world's Fifth largest defence expenditure, as of 2025, and has set a target of US\$ 6.02 billion (Rs. 50,000 crore) worth of annual defence exports by 2028-29.

In the Interim Budget 2025-26, US\$ 3.1 billion (Rs. 26,816 crore) was allocated to DRDO, while a corpus of US\$ 12.0 billion (Rs. 1 lakh crore) was earmarked for Deep Tech, offering long-term loans to tech-savvy companies to foster innovation in defence technologies within India.

As per the Union Budget 2022-23, 25% of the defence R&D budget has been earmarked for private industry and start-ups which will pave the way for the innovation of new defence technologies in India.

Till March 25, a total of 700 industrial licences were issued to 436 companies operating in the defence sector. Defence exports rose 240% over five years in FY23, to US\$ 1.9 billion (Rs. 15,918.16 crore). India now exports to over 85 countries due to collaborative efforts.

Defence exports US\$ 2.63 billion in FY23-24 up by 32.5% from last year. Till October 2022, a total of 700 Industrial Licences have been issued to 436 companies operating in Defence Sector. Defence exports grew by 334% in the last five years; India now exports to over 85 countries due to collaborative efforts.

Notable trends in the defence manufacturing sector

Focusing on Defence Startups

- According to government data, India has around 194 defence start-ups building innovative tech solutions. The government has set a target of Rs. 1.75 lakh crore (US\$ 21.3 billion) of defence production by 2025, which includes exports of Rs. 35,000 crore (US\$ 4.3 billion).
- Indian and American startups will now be able to co-develop and co-produce advanced technologies, including in areas of space artificial intelligence, under the India-United States Defence Acceleration Ecosystem (INDUS-X).

Presence of Private Sector in Defence Manufacturing

- The Indian private sector has grown since opening of the defence sector and evolved from producing components and sub-systems, to developing complete equipment and systems, system of systems and platform level solutions.
- This is clearly visible from the quantum (more than 90%) of defence exports by private defence companies.

Developing AI-based Capabilities

- The Radio Trunk System (RTS), Radio Local System, Artillery Combat Command and Control System (ACCCS) also called as 'SHAKTI', wireless message transfer unit (WMTU), Advanced Tactical Communication Systems for the Army such as Army Radio Engineered Network (AREN), Army Static Switched Communication Network (ASCON), Troposcatter Communication Systems, SATCOM, Battlefield Management System (BMS) etc. are some of the CAIR's products which have significantly improved military communication in the border areas.

Leveraging IT for Efficient Defence Production Operations

- SRIJAN portal launched to promote indigenization. More than 34,000 items are available for public view and 10,000 items have been indigenized till January 2024.
- Development of an indigenization portal for all defence PSUs and ordnance factories can ensure seamless search experience for stakeholders for processes such as online registration of vendors expressing interest for indigenising a product.

Local designing and development of products

- Indigenous production of defence equipments is at the core of 'Make in India' programme.
- Key defence manufacturing companies are currently focusing on designing and developing various indigenous weapons and essential products to boost domestic manufacturing capabilities and align with Hon'ble Prime Minister's vision of Aatmnirbhar Bharat.

Strategies adopted

Digital Technologies

- Defence minister Mr. Rajnath Singh launched Acing Development of Innovative Technologies with iDEX(ADITI) scheme to promote innovations in critical and strategic defence technologies.
- SRIJAN portal launched to promote indigenization. More than 34,000 items are available for public view and 10,000 items have been indigenized till January 2024

Innovation in Defence Manufacturing

- The Interim budget 2024-25 earmarked Rs. 60 crore (US\$ 7.2 million) for the Technology Development Fund (TDF) scheme, specifically designed to support new startups, MSMEs, and academia engaged in defence-related innovation aiming to attract young talent interested in niche technology development, fostering collaboration with DRDO.
- Additionally, a corpus of Rs. 1 lakh crore (US\$ 12 billion) for Deep Tech, offering long-term loans to tech-savvy individuals and companies was announced in the Interim Budget 2024-25. This initiative is expected to accelerate innovation in the defence sector, promoting the development of cutting-edge technologies. ▪ As of December 4, 2023, 433 startups/MSMEs/individual innovators have been engaged and 302 contracts have been signed

Leveraging Strategic Partnerships to Build Capabilities

- The Bandhan ceremony of 14th Aero India in Bengaluru on February 15, 2023, witnessed the forging of 266 partnerships including 201 MoUs, 53 major announcements, nine product launches and three Transfers of Technology, worth around Rs. 80,000 crore (US\$ 10 billion).
- The 12th and largest-ever defence exhibition - DefExpo 2022 - marked the emergence of India's defence industry as a sunrise sector for investment on the global scale, in line with the theme 'Path to Pride'. Organized exclusively for Indian companies, the five-day event witnessed unparalleled participation of over 1,340 exhibitors, businesses, investors, start-ups, MSMEs, Armed Forces and delegates from several countries, with engagements spread over four venues

Procurement Of Military Hardware & Software

- The Ministry of Defence signed a contract with Advanced Weapon Equipment India Ltd. for the production and supply of 463 indigenous 12.7 mm Stabilized Remote Control Guns (SRCG) to the Indian Navy and Indian Coast Guard. The contract, valued at Rs. 1752.13 crore (US\$ 210 million), boasts an Indigenous Content (IC) exceeding 85%.
- The Indian government is procuring military hardware and software to improve firepower in the Indian Navy and enhance capabilities to perform against fast maneuvering targets such as missiles and 'Fast Attack Crafts'.
- BrahMos: A contract was signed for procurement of 35 combat and three Practice BrahMos missiles for two P-15B ships from M/s BrahMos Aerospace Pvt. Ltd., India for an amount of Rs. 1,723 crore (US\$ 209 million).

- Multi-Purpose Vessels: Contract for procurement of two multi-Purpose Vessels (MPVs) for Indian Navy from M/s Larsen & Toubro Limited, Mumbai for a total cost of Rs. 887 crore (US\$ 107 million) under Buy (Indian) category was signed in March 2022
- Fast Patrol Vessels: A contract for construction of eight Fast Patrol vessels (FPVs) for Indian Coast Guard with M/s Goa Shipyard Limited (GSL), Goa at a total cost of Rs. 473.47 crore (US\$ 57.6 million) under Buy (Indian) category was signed in March.

Market Overview

Segment-wise or product-wise performance/ Recent Trends and Strategies

Capital Allocation

In the Union Budget 2025-26:

- In 2025-26, the Ministry of Defence (MoD) was allocated a total Budget of Rs. 6.81 lakh crore (US\$ 78.7 billion), which is 9.5% YoY increase from 2024-25 budget.
- Of this, Rs. 1.80 lakh crore (US\$ 20.8 billion) was allocated towards capital expenditure, including the purchase of new weapons, aircraft, warships, and other military equipment
- An outlay of Rs. 7,146 crore (US\$ 825.7 million) was announced towards the capital expenditures of the Border Roads Organization (BRO).

Defence Import

- Indian government endeavors to boost indigenous defence manufacturing.
- India ranks fourth among 12 Indo-Pacific nations in self-reliant arms production capabilities, according to a study released by the Stockholm International Peace Research Institute (SIPRI).
- Hindustan Aeronautics Ltd, Indian Ordnance Factories, Bharat Electronics, Mazagaon Docks and Cochin Shipyard are among the major Indian arms servicing companies. Ashok Leyland, one of the largest suppliers of trucks to the Indian Army, is the only company ranked in the top 50 in the Indo-Pacific.
- To support the domestic defence industry the government aims

to ensure transparency, predictability, and ease of doing business by creating a robust eco-system and supportive government policies. Towards this end the government has taken steps to bring about de-licensing, deregulation, export promotion and foreign investment liberalization. Ministry of Defence has also notified five 'Positive Indigenization lists' comprising of 509 defence equipment to be manufactured locally.

- Additionally, to promote export and liberalize foreign investments FDI in Defence Sector has been enhanced up to 74% through the Automatic Route and 100% by Government Route.
- The government has also announced two dedicated Defence Industrial Corridors in the States of Tamil Nadu and Uttar Pradesh to act as clusters of defence manufacturing that leverage existing infrastructure, and human capital.
- The Indian private sector has grown since opening of the defence sector and evolved from producing components and sub-systems, to developing complete equipment and systems, system of systems and platform level solutions.
- This is clearly visible from the quantum (more than 90%) of defence exports by private defence companies.

Defence Export

- Defence exports stood at Rs. 21,083 crores (US\$ 2.54 billion) in 2023-24 which is 31% increase from previous year.
- India rank among top 25 nations in arms exports nations in 2024.
- The Central government aims to take India's defence exports up to US\$ 5 billion by 2024-25.
- To achieve a turnover of Rs. 1,75,000 crore (US\$ 25 billion) including export of Rs. 35,000 crore (US\$ 5 billion) in Aerospace and Defence goods and services by 2025.
- To develop a dynamic, robust and competitive Defence industry, including the Aerospace and Naval Shipbuilding industry to cater to the needs of Armed forces with quality products.
- To reduce dependence on imports and take forward "Make in India" initiatives through domestic design and development.
- To promote the export of defence products and become part of the global defence value chains.
- To create an environment that encourages R&D, rewards innovation, creates Indian IP ownership and promotes a robust and self-reliant defence industry.

Risk and Concern

The defense sector faces a range of risks, including:

- **Cybersecurity threats:** The defense sector relies heavily on technology and networks, making it a prime target for cyber-attacks.
- **Supply chain vulnerabilities:** Disruptions to supply chains can impact the availability of critical materials and equipment.
- **Insider threats:** Unauthorized access or malicious activity by insiders can compromise sensitive information.
- **Physical security risks:** Military bases, equipment, and personnel are potential targets for physical attacks.
- **Geopolitical tensions:** Global conflicts and political instability can impact defense operations and strategy.
- **Technological obsolescence:** Rapid advancements in technology can render existing systems outdated.
- **Budget constraints:** Fluctuations in defense spending can impact program funding and resource allocation.
- **Regulatory compliance:** Defense contractors must navigate complex regulatory environments.
- **Environmental concerns:** Military operations can have environmental impacts, such as pollution and habitat destruction.
- **Reputation and public perception:** The defense sector is often scrutinized, and negative publicity can impact public trust.

These risks highlight the need for robust risk management strategies in the defense sector to ensure national security and operational effectiveness.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with ethical requirements that are relevant to our audit of the financial statements under the provisions of the companies Act, 2013 and the rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained are sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of auditor's report, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the applicable accounting standards and the other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that are operating effectively for insuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain a reasonable assurance about whether the financial statements as a whole are free from material misstatement,

whether due to fraud or error, and to issue our report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise due to fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of the internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonable be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure- A, a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

ANNEXURE -B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section (3) of Section 143 of the Companies Act, 2013

In conjunction with our audit of the financial statements of the Company as at and for the year ended 31st March 2025, we have audited the internal financial controls with reference to financial statements of **CFF FLUID CONTROL LIMITED** (hereinafter referred to as "Company") along with its subsidiaries, as of that date.

Management's Responsibility for the Internal Financial Controls

The respective management of the company, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, with reference to the financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained for the company to which we are independent auditors is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that: -

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipt and expenditures of the Company are being only in accordance with authorizations of management and directors of the Company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and could not be detected. Also, projections of any evaluation of the internal financial control with reference to financial statements to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company, have, in all material aspects, an adequate internal financial controls system with reference to financial statements and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on "the internal financial controls with reference to financial statements criteria considering the essential components of internal control stated in the Guidance Note.

1 COMPANY INFORMATION

CFF Fluid Control private Limited is a company incorporated on 16th February 2012 and having its registered office at Plot No. 01, Survey No. 96, Khubhivli Madap , Raigad, Maharashtra- 410203 with Registrar of Companies, Maharashtra. It is engaged in the business of manufacturing, Overhaul, repairs and maintenance of shipboard machinery, combat system, reference system, test facilities (pneumatic, hydraulic, electrical, electrical systems) for submarines and surface ships for Indian Navy.

2 SIGNIFICANT ACCOUNTING POLICIES

a Basis of Preparation

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, as applicable. The financial statements have been prepared under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value.

b Use of estimates

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Examples of such estimates include provisions for doubtful receivables, provision for income taxes, the useful lives of depreciable Property, Plant and Equipment and provision for impairment. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognised in the period in which the results are known / materialise.

c Current-non-current classification

"An asset is classified as current when it satisfies any of the following criteria:

- a. it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b. it is held primarily for the purposes of being traded;
- c. it is expected to be realised within 12 months after the reporting date;
- d. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date; or

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current."

A liability is classified as current when it satisfies any of the following criteria:

- a. it is expected to be settled in the company's normal operating cycle;
- b. it is held primarily for the purposes of being traded;
- c. it is due to be settled within 12 months after the reporting date; or
- d. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date;

Current liabilities include the current portion of non-current financial liabilities. All other liabilities are classified as non-current.

d Property, Plant and Equipment

Property, plant and equipment (PPE) are carried at the cost of acquisition or construction less accumulated depreciation. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying PPE up to the date it is ready for its intended use.

Type of Assets	Period
Buildings	30 Years
Plant and Equipment	15 Years
Furniture and Fixtures	10 Years
Vehicles	10 Years
Office equipment	5 Years
Computers	3 Years
Computer Software	3 Years
Intangible Assets- Technology	5 Years

f Impairment of assets

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognised as income in the statement of profit and loss.

g Investment

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost and fair value.

h Inventories

Inventories are stated at the lower of cost of net realisable value. Net realisable value means the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

i Cash and cash equivalents

The Company considers all short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, to be cash equivalents.

j Revenue recognition

Revenue from sale of goods is recognised at the time of delivery of goods. Service revenue is recognised after performance of the service contract is completed. Recognition of revenue is based upon the condition that there is no significant uncertainty exist regarding the amount of consideration that will be derived from sale or services. Revenue is reported net of trade discounts, if any. Dividend is recorded when the right to receive payment is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

k Employee Benefits

Short term benefits such as salary, bonus, leave salary and other benefits are accounted on accrual basis. Defined contribution plans includes company's contributions towards state plans for the employees, such as EPF, ESI etc. where contributions made towards such plans are charged to revenue as and when they become due to the company.

Defined benefit plans includes gratuity, liability of which is provided in the books of account on the basis of actuarial valuation made at the end of year.

l Borrowing Cost

As per AS 16, borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

m Foreign currency transactions

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

n Taxation

Current tax comprises taxes on income and measured at the amount expected to be paid to the tax authorities, using the applicable tax rates.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

o Earnings per Share

Basic Earnings per Share is computed by dividing the net profit after tax by weighted average number of equity shares outstanding during the year. Diluted Earnings per Share is computed by dividing net profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

p Provisions, Contingent liabilities and Contingent assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.
